Esri® Implementations

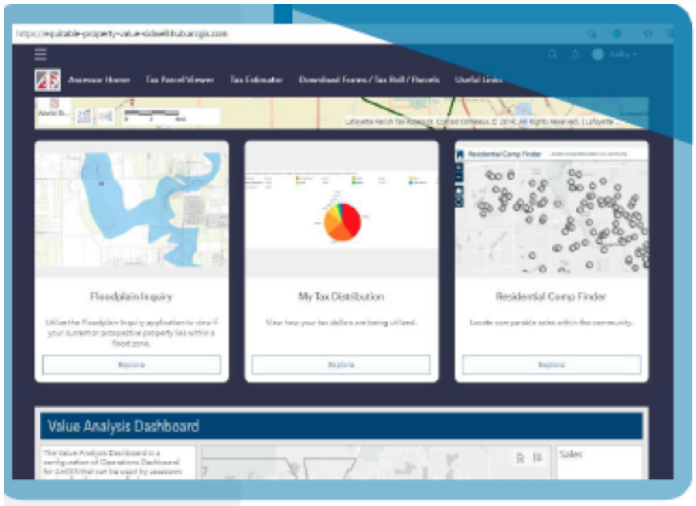
Sidwell
A Division of HARRIS

Sidwell can assist you with implementing Esri's Public Engagement Solution for Assessors.

ArcGIS® Hub
Equitable Property Value

The equitable property value solution is configured to organize property data, accomplish initiatives, and deliver on your organization's stakeholder outreach goals – all in a single experience.

- **Help taxpayers understand the assessment process.**
- **Visualize summary statistics like sales and foreclosures.**
- **Provide focused property information products for taxpayers, real estate professionals, potential buyers, and title companies.**
- **Offer compelling ways to capture and record public feedback.**
- **Deliver an easy way to respond to appeals while educating the taxpayer.**



Esri Solutions

- **Tax Parcel Viewer**
- **Residential Comp Finder**
- **My Tax Distribution**
- **Floodplain Inquiry**
- **Property Tax Assessment Appeal**
